INTERESTS

- Motorcycling
- Acting & Improv
- Fitness and Gym Training
- Creative Writing
- Digital Creativity
 - Content Creation
 - Video Editing

Andreas Kalketenidis

Technical Writer

Hello, I'm Andreas

Analytical and precise Technical Writer with a background in philosophy and hands-on experience in full-stack development. Adept at deconstructing complex technical systems and translating them into clear, user-focused documentation. Proven ability to bridge the gap between engineering teams and end-users by building and documenting software from the ground up.

PROJECTS

REPPLE
May 2025 - Jul 2025

Mobile App | Amsterdam, The Netherlands

- Authored user documentation defining feature scope, workout scheduling workflows, and data tracking logic.
- Translated technical constraints into clear requirements to bridge developer and user needs.

PINVENTORY
Mar 2025

Web Application | Amsterdam, The Netherlands

- Managed the full documentation lifecycle from requirements gathering to post-deployment support guides.
- Authored technical specs for database schema.

WORK EXPERIENCE

HOST
Jun 2023 - Present

Urban Gym Group | Amsterdam, The Netherlands

- Developed and delivered clear procedural information to ensure client comprehension and positive experience.
- Managed multiple high-priority tasks under strict deadlines in a fast-paced team environment.

BARTENDER
Nov 2022 - Apr 2023

Tivoli 5-Star Hotel | Amsterdam, The Netherlands

- Tailored complex information for a multicultural audience to enhance understanding and engagement.
- Resolved client issues with precision by analyzing needs and adapting communication style.

EDUCATION

BACHELORS
OF PHILOSOPHY
Sep 2021 - Sep 2024

Vrije Universiteit Amsterdam

- Minor: Economics.
- Deconstructed complex, abstract systems into logical components; constructing watertight, structured arguments;
- Articulated nuanced ideas with clarity and precision for specific audiences.

HIGH SCHOOL
DIPLOMA
Sep 2009 - Jun 2020

St. Lawrence College, The British School of Athens

- GCE A Levels:
Mathematics (A), Further Mathematics (A), Politics (B)
- Excelled in logical reasoning, analytical problem-solving, and synthesizing information on complex systems.
- Duke of Edinburgh Bronze & Silver Awards.
